

THE TRAINED NURSES' ASSOCIATION OF INDIA

TNAI BULLETIN**VOL. 6 No. 10****OCTOBER 2017****Together with the Old Persons, We Can Move Fast Forward**

Organised every year on **1 October**, *International Day for Older Persons* (IDOP) is a UN-sponsored observance acknowledging the elderly for their contribution to the society and the world. This year's theme of IDOP is, 'Stepping into the Future: Tapping the Talents, Contributions and Participation of Older Persons in Society.' Better medical and health care facilities have tended to increase longevity so that the proportion of elderly population is growing in most countries, in some surpassing the youth population. By the year 2050, a fifth of population will be 60 years or older. Many oldsters stay fit and kicking despite age, with high level of maturity, managerial skills, specialised knowhow and ability to foresee, all of which can be utilised for community benefit. It is by eliciting participation of the elderly populations that the societies and nations can progress faster. However in many communities, the oldsters continue to be marginalised. Proper attention needs to be paid to the various essential and psychological needs of the elderly by children.

World Mental Health Day is observed annually on **10 October** every year seeks to raise awareness of mental health issues around the world and mobilize activities to combat the problems of mental health. The 2017 theme of World Mental Health Day is, 'Mental Health in Workplace.' It is estimated that a fourth of world population will experience a mental illness. According to WHO, mental health is a state of well-being in which people realize their potential, cope with routine life stresses, and can work productively.

Admittedly, events like conferences, meetings, workshops, etc. that bring people from diverse locations together serve as excellent forum to exchange ideas, experiences and know-how, thus professionally enriching the participants. For TNAI, the biennial SNA conference is always a long awaited mega event.

I understand, you have made all necessary preparations to attend the XXVII SNA Biennial Conference being held during 29 November to 3 December at Guntur.

The venue is, GMCANA Auditorium of Guntur Medical College and it shall be hosted by TNAI Andhra Pradesh Branch, and this time the theme is, *Empowering Nurses through Advanced Technology*. In case for any reason you have not been able to get registered so far, kindly do it without loss of time to avoid late fee charges and last minute hustle. The procedure for registration in conference and other activities has been outlined in this issue as well.

I look forward to your just not attending the conference but deriving maximum mileage from it, which is possible by actively partaking in its various activities.
