LEADING THE WAY: Nurses and midwives for a safe, healthy and peaceful world

The 4th Commonwealth Nurses and Midwives Conference

Royal College of Physicians, Regent's Park, London, UK
Saturday 10 and Sunday 11 March 2018

CALL FOR ABSTRACTS

Closing date 30 June 2017

Our world today is far from being safe, healthy or peaceful. Many countries are experiencing war or civil conflict; there are more refugees than ever before seeking a safe place to live for themselves and their families; bush fires, floods, earthquakes and tsunamis are a frequent occurrence; diseases such as Ebola and Zika threaten health and stability; climate change threatens entire populations. Nurses and midwives are in a unique position to act as role models and lead the way in promoting a safe, healthy and peaceful world.

Calling all nursing and midwifery leaders, clinicians, administrators, academics, researchers, activists and advocates to submit an abstract to the 4th Commonwealth Nurses and Midwives Conference and share your work with colleagues across the world. The conference has four key themes:

Promoting health and wellbeing

- Working with older people, young people, adolescents or children; people with mental health issues or other disabilities; in health education; or primary health care settings.

Alleviating illness and disease

- Working to develop or implement new or improved practices, policies or quality improvement projects; to prevent or minimise communicable or non-communicable disease; in all health care settings.

Promoting social harmony and cohesion

- Working with minority groups; with people who are marginalised, vulnerable or oppressed; in cross cultural settings; with refugees or people seeking asylum.

Contributing to a safe environment

- Working with disease outbreaks; in disaster zones; with the effects of climate change; in areas of conflict; or in peacekeeping activities.
